

Nick Jones

Boca Raton, FL | 815-762-6914 | Nwjones2005@gmail.com

Professional Summary

Business Analyst with hands-on experience supporting software updates, configuration validation, and cross-functional issue resolution in enterprise advising systems. Skilled in structured testing, requirements clarification, end-user support, and documentation—bringing experience that aligns with entry-level implementation work without exceeding scope.

Experience

Educational Software Support Specialist / Business Analyst | Florida Atlantic University | Feb 2023 – Present

- Coordinate validation activities for system enhancements to ensure configurations function as expected.
- Support testing cycles by documenting issues and working with IT and vendors to confirm fixes.
- Gather requirements, user details, and documentation needed for system updates.
- Assist end users by explaining system functionality and identifying workflow issues.
- Create checklists, process documents, and training materials to support new features.

Academic Advisor I | Florida Atlantic University | Jan 2022 – Feb 2023

- Used Banner, EAB Navigate, and DARS daily to assist students with academic planning.
- Created job aids and reference material for EAB Navigate.
- Provided advising support to students through appointments and walk-ins.

Lead Subject Matter Expert – EAB Navigate System | Broward College | Aug 2020 – Jan 2022

- Served as training and support lead for the Navigate platform.
- Developed user guides and delivered training sessions campus-wide.
- Collaborated with academic leadership and IT to support communication and workflow improvements.
- Participated in discussions on system enhancement needs based on user feedback.

Core Skills

- Requirements Clarification
- User Support & Training
- Structured Testing Support
